Project Purpose

Briefly describe your project, event, or activity.

The logo contest is to have students to make a logo that will go on various CEO student and club goods such as t-shirts and sweaters, business cards, posters flyers, and other various marketing tools. The Open mic is for students to connect and exercise their talents(50-70 students). The CEO101 end of quarter Class party is to celebrate the achievements of our newest CEO students in 2 separate classes (40-60 students).

Student Learning Outcome:

Describe how your proposed expenditure reflects the purpose of your club/organization, how it will directly benefit students, and what advantages there are for the college as a whole. Please choose from one of the [CAS domains and dimensions](#).

The purpose of our club is to bring a greater sense of community to students in general and specifically to CEO students. It benefits them to have more people to know and rely on. If they know other students and more experienced students they can get support on how to get the most out their school experience. The CAS domains and dimensions these activities will directly work on are Intrapersonal Development and Interpersonal Competence. The other CAS these will develop are Knowledge Acquisition (by learning and using skill constructing knowledge about leadership and relating that knowledge to daily life while learning how to market an event, find suppliers, learn how to write grants, etc.).

Success Criteria:

List the measurable, verifiable results that will determine the success level of this project.

Logo: 1. 5 logo submissions for the contest. 2. 50 people voting on the primary vote. 3. Deciding on 1 logo for our students. 4. Printing 30 t-shirts.

Open Mic: 1. At least 10 people perform. 2. At least 50 people attend.

Class celebration: We get 5 new recruits from each class for our club.

Resources Required:

What will it takes to get this project going both money and labor wise?

List items and associated costs. Please list revenue sources including: fund-raising, ticket sales, services, college money, and in-kind donations, etc. Do you raise money for any purpose other than organization expenses? If so, please estimate and explain how these funds were used. Are members of your organization expected to contribute their own money (cost-sharing) towards activities?

Logo: 1.) T-shirts with logo printed by company 10 @ \$12 each; 2.) Logo: created by student. Total = \$120.00

Open Mic: 1.) 10 Pizzas @ \$11; 2.) 3 Juice packs @ \$10; 3.) Dozen Pack Cookies @6.99; 4.) 50 Candy Bags(\$20); 5.) Balloons(\$15) Total = \$215.68 (after tax).

Class Celebration: 1.) 6 Pizzas = \$66; 2.) 2 Drink packs = \$20; 3.) Cookies 2 Packs = \$14.; 4.) Plates 1 pack = \$12. Total = \$112.

*We are not requiring any money contributions from our members. We are not doing any fundraising. However, we do plan to use the t-shirts as fundraisers in the future.

Stakeholders:

Who's going to be affected? Who else may have interest in this project? Student contact, this is not the advisor but at least one student belonging to the club/ organization.
