Project name

= River Rafting

Start Date

= June 12th 2015

Project completion date

= June 14th 2015

Project Purpose

Briefly describe your project, event, or activity.

Student members from the Muslim Students Association and the Ethiopian-Eritrean Student Association are going camping and river rafting on the Wenatchee River for the weekend (6/12-14/2015).

Student Learning Outcome:

Describe how your proposed expenditure reflects the purpose of your club/organization, how it will directly benefit students, and what advantages there are for the college as a whole. Please choose from one of the [CAS domains and dimensions](#).

Students will reflect and discuss the activities of the year and bonding between student organizations.

Success Criteria:

List the measurable, verifiable results that will determine the success level of this project.

Adequate, safety and precautions accommodation for camping and rafting.

Resources Required:

What will it takes to get this project going both money and labor wise?

List items and associated costs. Please list revenue sources including: fund-raising, ticket sales, services, college money, and in-kind donations, etc. Do you raise money for any purpose other than organization expenses? If so, please estimate and explain how these funds were used. Are members of your organization expected to contribute their own money (cost-sharing) towards activities?

20 STUDENTS (SUBSIDIZED) X \$40 (rafting)	= \$800
5STUDENTS (UNSUBSIDIZED) X \$65 (rafting)	=\$325
25 STUDENTS X 2 days food	=\$600
X 2 days \$65 camping	=\$130
Four cars X 113mi X .56	= \$253.12 (This is only one way but at least it covers gas per car)
Total	=\$2,108.12

Stakeholders:

Who's going to be affected? Who else may have interest in this project? Student contact, this is not the advisor but at least one student belonging to the club/ organization.

Participants from the two clubs, advisors as well as Acting Director of Student Life.

Timeline:

Please include a project start, complete date, and also the projected start and completion dates for all tasks associated with the project.

May 8, 2015 – May 8, 2015
